

REV. DR. MUMPER DIES OF STROKE; CHURCH EDITOR

The Rev. Dr. J. Harold Mumper, 50, Gettysburg native who was editor of the Augsburg uniform lesson series of the United Lutheran Church in America, died Wednesday evening at 10:40 o'clock in Rockingham Memorial hospital at Harrisonburg, Va.

He had been confined to that hospital since suffering a severe stroke July 19 while teaching a class at the Massanetta Springs (Va.) Lutheran assembly.

Doctor Mumper was born and reared in Gettysburg. He was the son of the late Jacob I. and Ida (Kittmiller) Mumper and was graduated from Gettysburg high school in 1917. He was graduated from Gettysburg college in 1921 with the degree of bachelor of science and entered the Lutheran Theological seminary here the next year, graduating in 1925.

Honored By Alma Mater

Upon his ordination he assumed the pastorate of the Lutheran church in Westville, N. J. He later served as pastor of the Lutheran church at Littleton, Pa., and the Keller Memorial Lutheran church in Washington, D. C., from which he resigned in 1943 to become one of the editors of the Parish and Church School Board of the ULCA in the Philadelphia office. He continued in that position at the time of his death. His residence was at St. David's, Pa.

The degree of Doctor of Divinity was conferred upon Dr. Mumper by Gettysburg college in 1941. He had received his B.D. upon graduation from seminary and upon the completion of the necessary post graduate work, he was awarded the degree of Master of Sacred Theology by the seminary here.

Doctor Mumper was well known here, particularly among Lutheran young people after having served as a member of the staff of Camp Nawakwa for a number of summers.

Has Two Daughters

He was a veteran of World War I. He also was a former secretary of the East Pennsylvania Synod of the ULCA and former secretary of the Philadelphia conference of the Synod.

Dr. Mumper is survived by his widow, the former Edith Clare of Gettysburg, to whom he has been married since 1927; and two daughters Barbara and Corina, both at home.

Funeral arrangements will be announced later.

PLAN FLOWER CONTEST HERE

Gettysburg's youngsters are being asked to turn out with the prettiest and biggest flowers they can obtain for Friday night's regular special event at the local recreation park, Breckenridge street.

The flower contest will begin at 7:15 o'clock Friday evening with Mrs. Richard Dreas and Mrs. Forrest Carver as judges, the association announced today.

Youngsters are urged to bring both cut flowers and potted plants, because prizes will be given in both departments.

The awards in the cut flower division will go for the prettiest arrangement, the longest stem and the largest single flower. The potted plant prizes will go for the tallest, prettiest and most unusual.

Recreation officials who have been holding special events each Friday evening, attracting large numbers of youngsters and many parents, expressed the hope that the flowers contest will bring out the largest group of contestants and spectators so far this season.

The association also announced that a sliding board and a sand box have been added to the equipment now available for recreation at the park.

LIBRARY MEETING

The August meeting of the board of directors of the Adams County Free Library association will be held Friday evening at 7:30 o'clock at the main library on Carlisle street.

IS ELECTED TEACHER

Miss Anna Kepner, Gettysburg, a graduate of Elizabethtown college, was elected Wednesday evening by the Mechanicsburg school board as a second grade teacher in the Mechanicsburg schools.

Soldier Injured When Car Upsets

Pfc. William F. Turner, headquarters and headquarters squadron, Olmstead Field, Middletown, was treated at the Warner hospital for a laceration of the scalp suffered when his car upset in a ditch. The report made to the hospital disclosed that another car had stopped suddenly in front of Turner's vehicle and when he attempted to avoid striking the halted car by swerving to the right, his vehicle went into the ditch. There were no details concerning the location of the mishap.

FEW MIGRANT WORKERS TO BE USED IN COUNTY

Approximately 2,500 migrant workers will move into Pennsylvania to harvest farm crops this year, the State Employment service revealed today, but locally only a few will be used, the local office of the PSES added.

Actually Adams county is seeking no outside help to harvest its crop, feeling that workers in the immediate vicinity, plus some outside help which has been coming here so long it can almost be considered native, can do the job.

The local PSES office said it has not applied for any outside aid, but has made arrangements for workers to come here from York, Franklin and Cumberland counties if the harvest demands more labor than the supply available in the county.

Because of housing shortages, the local office said it hopes that all need for outside of the county help in the harvest can come from the three surrounding counties and from the Emmitsburg area—for those workers travel to and from work each day.

Present expectations are for the only migrant help to be the Florida, Georgia and other workers who come here year after year and generally work at the same farms and orchards during the peak harvest season.

The declining of outside migrant labor by the county is in contrast to war-time years, when the county each year imported Puerto Rican, Jamaican and other help in order to get the harvest gathered.

Carlisle YMCA Camp Is Under Quarantine

Carlisle, Pa., Aug. 4 (P)—A YMCA camp three miles north of here was under quarantine today following a doctor's report that a 12-year old boy had been taken ill with "possible meningitis."

Dr. Luther M. Whitcomb, Carlisle, rushed the camper, Herman Tunis, of Kensington, Md., to the Harrisburg hospital where officials said his condition was "unsatisfactory."

Dr. W. D. Schrack, epidemiologist for the state Health Department, said the camp, operated by the Lancaster YMCA, would remain under observation quarantine until the nature of the boy's ailment is definitely determined.

Fifty boys, mostly from Lancaster, are attending the camp.

GETS POST ON MIDLAND STAFF

Rev. Gerald Brenner Strickler, Narrowsburg, N. Y., has been appointed to teach Christianity and philosophy at Midland college, Fremont, Nebraska. Dr. William P. Hieronymus, Midland president, announced today.

Rev. Mr. Strickler, whose home is in York, was born in Wrightsville, Pa. He is married, and he and Mrs. Strickler have one child.

He was graduated in 1940 from the York high school, then attended Gettysburg college receiving his A.B. degree in 1944. He graduated from the Gettysburg Lutheran seminary with a Bachelor of Divinity degree in 1946. He attended New York university in 1946-49, receiving his master of arts degree. He has specialized in history, New Testament and religious education, and is a winner of the Nicholas Bible prize.

He served as pastor of St. Matthew's Lutheran church, North Hollywood, Calif., 1946-48, and later served as supply pastor of St. Paul's Lutheran church, Narrowsburg, N. Y.

He is a member of Tau Kappa Epsilon fraternity.

Mrs. Strickler was Margaret Louise Gotwald, a graduate of Gettysburg college in 1946.

MARRIAGE LICENSE

A marriage license was issued at the court house today to Henry C. Noel, son of Mr. and Mrs. Henry Noel, 125 Second street, McSherrytown, and Joan M. Legore, daughter of Mr. and Mrs. Jesse Legore, Gettysburg R. 5.

Final clearance of all military "beanties" has been reduced to \$1.00 and \$2.00 (value to \$7.95) Kuhn's Millinery, 150 Chambersburg street. Store closed all day Thursdays.

COLLEGE SEES NEAR RECORD ENROLLMENT

Gettysburg college is anticipating another near-record enrollment for the school year 1949-50, Charles R. Wolfe, registrar at the college announced today.

So far approximately 400 new students have signed to begin classes this fall, which with the 800 students who attended here last term and plan to return again this year, will bring the total enrollment to about 1,200.

Among the new students are the following from Adams county: Nancy Ann Baker, William H. Bushman, Jane Deardorff, Helen E. Myers, Donald Raffensperger, Charlotte Rogers, Dean S. Stultz, Bruce Westerdahl, Jeanne F. Waltemyer and Glenn R. Weiland, all of Gettysburg; Jane L. Bowers, R. 2, Littlestown; Charles A. Cook, R. 1, Aspers; Rebecca Gerrald, R. 1, Gettysburg; Robert E. Hottle, R. 1, Littlestown; Jay E. Hamlin III, R. 1, Fairfield.

Richard Little, Jr., Littlestown; Harold Raffensperger, R. 2, Biglerville; Albert M. Stock, Littlestown; Charles M. Sanders, Abbottstown; Howard W. Smith, R. 1, York Springs, and Carroll L. Trine, R. 2, Gettysburg.

New students entered with advanced standing are: Donald Fesser, Littlestown; Robert S. Wareheim, Littlestown; Jacob Yingling, Gettysburg; Albert Zercher, Littlestown.

Benson To Speak At Iowa Festival

O. H. Benson, Lincolnway east, will leave Saturday for Wright county, Iowa, where he will be one of the speakers at the annual festival sponsored by the Chambers of Commerce and the Farm Bureau in that county on August 9 and 10.

Mr. Benson was county and city superintendent of schools there until 1911 when he went to Washington to develop 4-H club work on a nationwide basis for the Department of Agriculture. Mr. Benson founded the 4-H movement in Wright county.

Socialized Medicine Failed Abroad; Can It Succeed Here?

This is the second in a series of five articles on socialized medicine, sponsored by the Adams County Medical Society.

The history of government medicine is a history of repeated failures. Compulsory sickness insurance has failed to improve the quality of medical care in all countries which have tried it. Since the inception of socialized medicine in Germany over 60 years ago, it has been tried in some 40 nations of which England is the most recent. Whether or not the motivating force behind these movements was political expediency or financial insolvency we do not know. However, having been delivered by Bismarck, nursed by Hitler, adopted

by Stalin and accepted by Mussolini—our guess of political expediency seems to be more applicable.

There are essentially three types of medical care plans operating in the world today. The compulsory plan has been adopted by Germany, France, New Zealand, Russia and England. (The United States would fall under this plan should present legislation be enacted.) The subsidized plan has been adopted by Sweden, Denmark and Belgium. Under this plan the individual pays a portion of the cost of medical care in addition to his weekly payroll deduction, and only those below a certain income level are eligible to receive sickness benefits. The private

SPRAY LETTER IS SENT OUT

For fall maturing varieties of apples, a special spray information letter has been sent out by the county extension service and suggests disease and insect conditions that may warrant another spray. Either one of the materials suggested for disease control may be combined with either one of the materials suggested for insect control.

Heavy rainfall during July enabled scab in many orchards to become active. The heavy rains also washed off considerable spray material where the last spray was applied before the rains. Where any amount of scab is present on the foliage growers run the chance of storage scab infections between now and harvest unless a spray is applied. Storage scab is most likely to occur on Rome, Stayman, Paragon, McIntosh, Cortland and Winter Banana.

Scab Control Spray

Where scab is heavy on the foliage the apples of the more scab resistant varieties may also become infected. Growers who want to take every precaution against further fruit infection should apply, within the next week, either Bordeaux or Fermate in each 100 gallons of spray as follows:

Bordeaux—1-4-100 (one pound bluestone and four pounds of fresh spray lime). Apply Bordeaux only to dry foliage and do not apply to (Please Turn to Page 2)

State Surveyor Is Electrocuted

Sewickley, Pa., Aug. 4 (P)—A live wire today electrocuted a Pennsylvania Department of Forests and Water employe and seriously burned his surveying partner.

Earl Shott, 25, of Fullerton, Pa., was killed. Donald Clewell, 26, of Rohrsburg, Pa., is in serious condition at Sewickley General hospital. The men were surveying land proposed for Raccoon Creek park.

Birth Announcements

Mr. and Mrs. Ivan Weaver, Taneytown R. 2, announce the birth of a daughter this morning at the Warner hospital.

A daughter was born Wednesday night at the Warner hospital to Mr. and Mrs. Thomas Ott, Emmitsburg. Born Tuesday to Mr. and Mrs. Frank L. Black, Jr., Gardeners R. 2, at the Hanover hospital, a daughter.

Still A Fighter

Long Beach, Calif., Aug. 4 (P)—While Charles L. Chappell was out shopping yesterday somebody smashed a plate glass window at his home. It made Chappell mad.

He hopped into his autoette and raced to the police station to sign a complaint. The autoette is a sort of three-wheeled motor scooter steered by means of a tiller.

"We didn't tolerate malicious mischief in the Union Army and I still don't like it," he told officers.

Chappell is a Civil War veteran, 102 years old.

Mr. Chappell attended the last reunion of the Blue and Gray in Gettysburg in 1938.

LITTLETOWN

FIREMEN ARE PREPARING FOR CARNIVAL WEEK

Carnival plans were discussed at the August meeting of Alpha Fire company No. 1, Tuesday evening in the fire hall. The annual carnival will be held August 8 to 13 on the Littlestown playground. It was stated that many helpers will be needed to get everything in readiness. All firemen who can, are asked to be on the playground Saturday morning at 8:30 o'clock, to help erect the stands for the carnival.

The carnival will include games, rides, big party, exhibits, amusements and refreshments. Special entertainment has also been arranged for four of the nights, as follows: Wednesday, "Buck Board Ramblers" from Station WHYY; Thursday, Janet's Circus, a dog and pony show; Friday, "Gritz and Gravy," comedians and trained animals; and Saturday, "Trappe Troup," aerial trapeze performance.

In connection with the carnival discussion, it was decided to purchase a pop-corn machine for use at the carnival and other gatherings.

Canvass Going Well

Members of the soliciting committee reported that the results were very satisfactory, but there were still many places to canvass. E. J. Altoff, chairman of the finance committee also stated that there has been a good response so far.

The following names were placed in nomination for membership: Lawrence Dooley, Robert H. Thomas, LeRoy Helwig, Richard Mummert, Clarence Reck, Allen Weikert, Horace Rineman and Herbert Ecker. It was reported that there had been one fire call since the last meeting. Bills were ordered paid amounting to \$36.70, of which amount, five dollars was for membership in the state association.

President Bernard Selby was selected as the delegate to represent the local company at the 1949 state firemen's convention in Greensburg during the first week in October. A new social committee was also appointed consisting of Paul Bowman, Robert Weaver and Robert Myers.

Appoint Delegates

The following delegates were appointed to represent the company at the Adams County Firemen's convention to be held at Fairfield on Labor Day: Edward G. Loeffel, John Sterner, Wayne Arnold, Robert (Please Turn to Page 2)

ALLOT \$2,072 FOR BOROUGH STREET WORK

The Adams County commissioners, at their regular weekly meeting at the court house Wednesday, allocated \$2,072.28 in money received by the county from the state gas tax fund to the borough of Gettysburg for highway work.

According to the application filed by the borough for this county aid, the funds will be used to repair Reynolds avenue, Howard avenue, Ridge avenue, South Franklin street, Queen street, Highland avenue, East Broadway, Mummaburg street, Stevens street, an alley north of Springs avenue and Fifth street.

Seek Second Room

A committee from the Adams County Historical society appeared before the commissioners with a request that an additional room in the basement at the court house be allotted for the society's use.

J. Melchor Sheds, president of the historical society, was spokesman for the group. The commissioners were told that the present quarters, occupied for the past five years by the society, have become crowded and more room is needed for a meeting room.

A basement room is available, and the commissioners told the representatives of the historical society that they would get prices on the cost of redecorating and making it available for use.

The commissioners met today to visit the county home.

CARS CRASH AT INTERSECTION

Automobiles driven by Charles F. Dederich, St. Clair Shores, Mich., and Albert V. Cardenti, 327 Hanover street, collided at 9 o'clock this morning at East Middle and Liberty streets, according to a borough police report.

Police said Dederich, former city clerk of St. Clair Shores, was driving south on Liberty street and failed to stop for a stop sign. He said the sign was too low for him to see. His car was struck in the intersection by the Cardenti automobile.

Dederich was charged by borough police with a stop sign violation before Justice of the Peace Robert P. Snyder, and fined \$10 and costs. No one was injured. Damage to Cardenti's car was estimated at \$285 and to Dederich's automobile at \$150.

Dederich was accompanied by his wife. They were on an eastern motor trip to visit a son, and had stopped off in Gettysburg to tour the battlefields.

BULLETINS

Washington, Aug. 4 (P)—Opponents of Guy C. Gabrielson of New Jersey today brought out Axel J. Beck of South Dakota as their dark horse candidate for Republican national chairman.

Beck, 55, farmer-lawyer and comparative newcomer to the committee, was being supported by friends of Rep. Hugh D. Scott, Jr., of Pennsylvania, retiring chairman. But Gabrielson's backers claimed a majority of the 102-vote committee in a test scheduled for later in the day.

Washington, Aug. 4 (P)—Vice President Barkley today ruled \$50,000,000 in loans to Spain out of the European Recovery Program.

Washington, Aug. 4 (P)—President Truman said today he is not acquainted with James V. Hunt, a former Army officer who has been mentioned in a senate committee's inquiry into operations of "five per-centers."

Mr. Truman made the statement at his news conference when he was told that a case of 2,500 books of pocket matches inscribed, "swiped from Harry S. Truman" was purchased last December by Hunt from the Universal Match company in St. Louis.

COUNTIANS LOSE PAYMENTS FROM SOCIAL SECURITY

Clarence Anstine, manager of the York Social Security office, told a sad story today.

He revealed that 38 persons in York and Adams counties had lost about \$17,600 during the past three months simply because they failed to file application immediately upon retiring from jobs covered by the Social Security program.

One person in the two-county district lost more than \$1,600 alone because he thought that owning a small business would prevent his receiving payments when he became eligible at age 65.

And the average loss to the 38 persons listed on local records was about \$460.

How many more persons have lost money because of their failure to make application for payments promptly will not be known until they eventually do apply, Anstine said.

The 38 cases in which money was lost represented nine per cent of 425 persons who filed applications for monthly old-age and survivors insurance payments during the three-month period ending July 31.

Procedure Explained
The large losses during the period prompted Anstine to review the procedure entailed in applying for the security payments.

"Since January 1, 1947," he said, "each individual working on a job covered by the Social Security program has one per cent deducted from his or her wages each pay day. These deductions are matched by the employers, to establish rights to monthly retirement payments whenever the individual stops working on a job covered by the Social Security program, or earns not more than \$14.99 per month from such employment, after reaching age 65 years.

No Application, No Payment
In order to receive these payments it is necessary to file a written application at an office of the Social Security administration. The application must be filed not later than three months after the month of retirement. Applications filed later than that time will result in loss of these monthly payments.

"Losses discovered in the recent study resulted from failure to file applications promptly for a number of reasons. Some persons thought they could not receive these old-age insurance payments until they were in and unable to call personally at the Social Security office, not realizing that they could have phoned or written for application blanks. Still others thought they would return to work after a brief illness or temporary lay-off. They should have received benefit payments for the several months during which they were temporarily retired.

"Perhaps the most misunderstandings have occurred where persons 65 years of age or older have changed from jobs in covered employment to jobs not covered by the program, such as work for federal, state, county, city or borough governments; non-profit or religious organizations; agricultural or domestic work, or self-employment. In all such cases, upon retiring from covered employment, the individual should have filed application for old-age insurance payments.

Where scab is moderate to heavy or where bitter rot starts to show up increase Permatite to two pounds per 100 gallons. The addition of 1/2 pound soya flour per 100 gallons will reduce black residue spotting on the fruit.

Second generation codling moth adults are emerging rapidly, continues the letter. Some worm entrance into fruit is taking place and peak entrances will take place in the next few days. If second generation codling moth is a problem, the letter suggests that orchardists include in each 100 gallons of this spray either three pounds of lead arsenate, or two pounds of DDT 50% wettable powder.

CAMP QUARANTINED

Moultonboro, N. H., Aug. 4 (AP)—Disclosure of a polio case led to the quarantining of 254 boys vacationing at Camp Winooski. Seven-year-old Bruce Mackler, Elkins Park, Pa., was taken to children's hospital, Boston, Monday. His condition was reported a "little better" yesterday. Two polio specialists were brought to the camp by Dr. Jess Sobie, wife of the director, to examine the other boys.

DOCK TIEUP MAY SPREAD TO U. S.

Honolulu, Aug. 4 (AP)—The threat to spread Hawaii's 96-day dock tieup to the mainland ballooned today. A union spokesman said CIO Pacific coast longshoremen can walk out to support the strikers.

The reason, said Robert W. McElrath, is that the west coast contract never has been ratified by the rank and file of the International Longshoremen's and Warehousemen's union. He is the ILWU press spokesman here.

ILWU headquarters in San Francisco has advised the Pacific coast contract will not be ratified "if Hawaii employers and their agents in the territorial government continue with their strikebreaking program," McElrath said.

Coast longshoremen, he said in a radio address last night, have worked under a "back to work" memorandum since Dec. 6, 1948. That was the date of signing a contract ending a 95-day west coast dock strike.

This memorandum, McElrath asserted, was to be effective until the ILWU members approved or rejected the general contract. Meanwhile, all negotiations to end the Hawaii tieup were at a standstill.

The 2,000 ILWU stevedores struck Hawaii's seven dock firms May 1 for an hourly raise of 32 cents.

News Briefs

Washington, Aug. 4 (AP)—Rear Adm. Richard E. Byrd, 61, may lead another Navy expedition into the Antarctic next winter.

The Navy Department said that if budget limitations permit, eight ships and 3,500 men will leave around October to set up an advance base in New Zealand. Byrd is a veteran of four previous Antarctic expeditions, as well as one airplane visit to the North Pole.

Washington, Aug. 4 (AP)—Senator Taft (R-Ohio) said today that Republican senators want an early adjournment of Congress "but we probably can't fix any exact date."

"That would allow senators to filibuster or block any such plan to speed up legislation," Taft said after the Senate GOP Policy committee, of which he is chairman, had held a brief closed-session.

Punxsutawney, Pa., Aug. 4 (AP)—This 100-year-old town today honored its oldsters in a special "Old Timers Day" fete as a part of the community's week-long centennial celebration.

The festivities included family gatherings, an "old timers" parade and special exhibits. Tonight the fourth of the nightly spectacles in the centennial pageant, "Punxsutawney Centennium" will be presented.

New York, Aug. 4 (AP)—Mayor William O'Dwyer has offered to act as peacemaker in an effort to settle the controversy between Francis Cardinal Spellman and Mrs. Franklin D. Roosevelt over federal funds for parochial and other private schools.

The mayor, a Roman Catholic, said yesterday he has "equally great respect" for both Cardinal Spellman and Mrs. Roosevelt.

Pittsburg, Aug. 4 (AP)—Inadequate transportation facilities plus a sudden flood of deferred buying may cause a fuel oil shortage this winter if the weather is severe, a prominent oil industry leader said today.

Le Cannet, France, Aug. 4 (AP)—Thousands of police today combed southern France for the four bandits who stole a fortune in jewels from the Aga Khan and his wife. Roadblocks were thrown up along the Riviera—playground of the world's wealthy—to the sprawling port of Marseille, known as a criminal hideout.

Washington, Aug. 4 (AP)—President Truman today voiced his support of a proposed international fair in the United States next year to stimulate international trade. Mr. Truman told his news conference he thought the idea for such a fair is a very fine thing.

GEM INSURANCE DOWN
Harrisburg, Aug. 4 (AP)—Personal jewelry insurance rates will be reduced 16 per cent on new policies issued on or after September 1. James F. Malone, Jr., state insurance commissioner, reported the reduction after a study of the experience of companies handling such insurance over the past few years.

SENATORS MAY OPPOSE CLARK

Washington, Aug. 4 (AP)—Senator Taft (R-Ohio) said today that some Republican senators are considering opposing the nomination of Attorney General Tom Clark to the Supreme Court.

Taft said Senators Ferguson (R-Mich.) and Kem (R-Mo.) raised this issue at a closed-door session of the Senate GOP policy committee today.

In answer to a question, Taft told a reporter:

his news conference a week ago today that he was nominating Clark to succeed the late Associate Justice Frank Murphy. He also named Senator J. Howard McGrath (D-R. I.) to succeed Clark as Attorney General.

Both nominations now are pending before the Senate judiciary committee with a public hearing scheduled for next Tuesday. Ferguson is a member of the committee.

Ferguson and Kem criticized the Attorney General's action in connection with an investigation of the vote fraud charges in Kansas City in 1946.

RED SOX BEAT BROWNS IN NEW PENNANT DRIVE

(Associated Press Sports Writer)
Dominic DiMaggio, Joe's "kid brother," is sparking the Boston Red Sox's belated pennant drive with his 30-game hitting streak.

The Little Professor must hit in 26 more consecutive games before he can tie his big brother's major league record of 56, set in 1941. Since he started the string June 29 he has averaged .357 with a liberal spraying of extra base blows among his 45 hits.

With DiMaggio on his batting spree, Ted Williams leading the league in hitting at .344 and the pitching staff rounding into form, the Sox look like the standard team they were supposed to be last spring. Still third, six full games behind the New York Yankees and two back of second place Cleveland, the Sox once again are within striking distance of the leaders.

Ellis Kinder's 14-strikeout job in yesterday's 9-3 romp over the St. Louis Browns is the latest indication of Boston's new-found pitching strength. That was the season high for the majors.

Now Kinder owns a 14-5 record with two brilliant jobs in his last two starts against Chicago and St. Louis. Pitting into a regular turn with Maurice McDermott, Chuck Stobbs, Mel Parnell and Joe Dobson, he gives Manager Joe McCarthy a solid staff.

Yanks Down Tigers
Kinder was only four short of the record of 18 set by Bobby Feller as he mowed down the lowly Browns. He was tied up in a scoreless battle with Joe Ostrowski at the end of five and a half innings before Bobby Doerr's three-run homer helped Boston score four in the sixth. They batted around again in the seventh for five more runs.

The New York Yankees boosted their margin over Cleveland to four games by downing Detroit, 7-5. The Indians' scheduled night game in Washington was rained out.

Cliff Mages' single drove in Bobby Brown and Joe DiMaggio with the winning runs in the eighth as the Yanks came from behind after Tommy Byrne blew a 4-0 lead. Hank Bissardi, Connie Mack's rookie first baseman, saved his first hit of the season for a big moment, whipping Chicago, 3-2, with an eighth inning double. He had gone hitless in 17 trips this season.

St. Louis clung to its half game lead over Brooklyn in the national league by blanking Boston 7-0, last night after the Dodgers thumped Pittsburgh 10-5 in the afternoon.

Shutout For Pollet
Howie Pollet, pitching one of his best games of the season, hung up his fourth shutout and 14th victory with a four-hit job. He struck out six and walked only one.

Johnny Antonelli, who has lost five straight to the Cards, was driven from the hill during a five-run spurt in the fourth inning.

Duke Snider drove in five runs with a homer, double and single as Carl Erskine pitched the Dodgers to an easy win over the Pirates.

The New York Giants, hottest club in baseball at the moment, ran their streak to six straight victories, dumping Chicago, 4-1, on Dave Koslo's five-hitter.

Ken Raffensberger of Cincinnati turned in the pitching gem with a two-hit shutout over Philadelphia, 2-0. Danny Litwiler's 383-foot homer in the fourth gave the Reds their first run.

Only 29 batters faced Raffensberger. He gave up a single to Gran Hamner in the third and another single to Andy Seminick in the ninth.

In the first international competition Nippon has had since the war, Japan is sending six swimmers to participate in the United States AAU swimming and diving championships here August 17-19.

First reaction to the word that record-breaking Hironoshin Furuhashi and his mates are coming has been indifference.

Promoter Jimmy McHugh, a songwriter by profession, wired President Truman and General MacArthur, seeking approval of the plan to bring them here. The general, to quote McHugh, "gave his blessing."

Furuhashi and Shiro Hashizuma, who recently swam a dead heat in a 1,500-meter race timed unofficially at 18 seconds under the world record, should provide a stern test for young Jimmy McLane, America's defending champion at 800 and 1,500 meters.

Less is known about Yoshiro Hamaguchi, Sumio Tanaka, Shuichi Murayama and Shigeyuki Murayama.

If there has been any marked criticism or enthusiasm for the renewal of athletic activities with the Japanese, this corner hasn't heard it.

Solicited for reaction was Louie Zamperini, former University of Southern California track star and a victim of Japanese brutality as a prisoner of war. His on-the-spur-of-the-moment comment:

"Let 'em come. They didn't have anything to do with bringing on the war. I'm in favor of letting the Japs back in the Olympic games, too."

What a difference—

This corner makes one final bow to big Jawn Kimbrough, the Los Angeles Dons fullback who has decided to hang up his grid gear for a combination of reasons, mainly a bad knee, his wife's poor health and his own financial interests. He owns a 1,900-acre ranch and is a big oil distributor in Haskell county, Texas.

Big Jawn was a whale of a competitor for the local All-America Conference club. He carried the ball-packing load for the Dons under both T and single-wing conditions. The Dons may be hard-pressed to find a replacement for the former Texas Aggie All-American, even if he was a step and a half slower.

BASKETBALL LOOPS MERGE

New York, Aug. 4 (AP)—Big time professional basketball now is just one huge happy family of 18 members.

From Boston to Denver the play-for-pay boys will be a part of the National Basketball association. This octopus-like creature was formed here yesterday by the merger of the Basketball Association of America and the National Basketball league.

Peace and prosperity was the keynote as all but three cities from the two circuits decided to take a chance in the big economy-sized setup.

The new lineup: Boston, New York, Philadelphia, Baltimore, Washington, Rochester, Ft. Wayne, Ind., Chicago, Minneapolis and St. Louis from the BAA. Syracuse, Anderson, Ind., Sheboygan, Wis., Waterloo, Ia., the tri-cities (Moline, Davenport, Rock Island), Denver, Indianapolis and Milwaukee from the NBL.

Milwaukee took over the Oshkosh, Wis., franchise of the National league. The Indianapolis entry will be the Olympians, sponsored by the NBL. A BAA franchise in Indianapolis was dropped as was Providence, Hammond, Ind., and Dayton, Ohio, from the NBL, also called it quits.

Lafayette Adds Backfield Coach

Easton, Pa., Aug. 4 (AP)—Lafayette college today announced appointment of Francis J. (Boley) Dancewicz, former Notre Dame quarterback, as football backfield coach. Dancewicz played under Maurice (Clipper) Smith, new Lafayette head mentor, the last two seasons when Smith coached the Boston Yanks of the National football league. Selection of Dancewicz completes the coaching staff that also includes Earl Svendsen, line coach, and John Kelleher, end coach.

Yesterday's Sports In Brief

(By The Associated Press)

Tennis

South Orange, N. J.—Top-seeded Billy Talbert defeated Jack Turo, 3-6, 6-1, 6-2, in third round match of Eastern Grass Court Championships.

New York—Alick Man, Jr., U. S. Davis cup captain, said Ted Schroeder definitely would be available to help defend the trophy.

Racing
Chicago—Calumet farm's Re-armed won Washington Park's \$20,000 added George Woolf Memorial and paid \$6.60.

Oceanport, N. J.—Ripsey (\$4.60) won \$10,000 added Oceanport handicap at Monmouth Park.

Chicago—A bill permitting night thoroughbred horse racing in Illinois was signed into law by Governor Adlai E. Stevenson.

General
New York—National Basketball league and Basketball Association of America merged into an 18-club circuit to be known as the National Basketball Association.

Interstate League

(By The Associated Press)

The front running Allentown Cardinals and the runnerup Wilmington Blue Rocks will take another stab at each other tonight after splitting even in an interstate league twin bill last night.

The Rocks remain three and a half games off the Allentown pace as a result of last night's action. Wilmington won the nightcap 7-4 after the Cardinals captured the seven-inning opener 5-2.

The Lancaster Red Roses and the Trenton Giants also divided in their twin bill—the only other games played. The Roses won the first game 16-4 with Trenton taking the second 4-1.

Chet Beres had little trouble in winning his eighth of the season in the wild scoring opener. Don Collins helped the Lancaster cause by hitting his 17th homer in the first game and added number 18 in the nightcap. Mo Cunningham socked his 17th round tripper in the first game for Trenton. Harrisburg at Hagerstown and York at Sunbury were rained out.

Eastern League

(By The Associated Press)

The toughest duel in the Eastern league race—a battle for second place—narrowed to a half game today with Scranton pushing Wilkes-Barre hard for the spot. The Indians have been up there for two weeks now, but lately have shown signs of slipping while the Miners have come to life.

Scranton edged Wilkes-Barre, 2-1, in 10 innings last night to get their current series off to a keen start.

Lauds Graeffenburg Inn, Golf Course

Bus Ham, sports editor of The Washington (D.C.) Post, recently paid a fine compliment to Graeffenburg inn and the Caledonia Golf Course.

The opening item in his column "Touring Courses" is self-explanatory. It follows:

"Since you are a golfer, I'll tell you about my vacation, since it was a golfer's vacation.

"We merely wanted some place to go where we would be away from these melting Washington temperatures, but we didn't want to spend too much time driving.

"We first stopped off at a nice, quiet place called Graeffenburg Inn, about 15 miles beyond Gettysburg in the Caledonia State Park in Pennsylvania.

"Good food, sound sleeping and simply a darling little layout at the Caledonia Golf Club. Only 5,100 yards long but tough. Every shot down a narrow, hilly, sloping yard, lined on both sides with trees. Ideal place for a 90-shooter to get himself a 75, if he has a good day off the tee."

Dick Littlefield turned in a three-hit, 10-strikeout performance for the Miners. Al Richter's 10th-inning single was the payoff, sending Tex Auds across with the winning run.

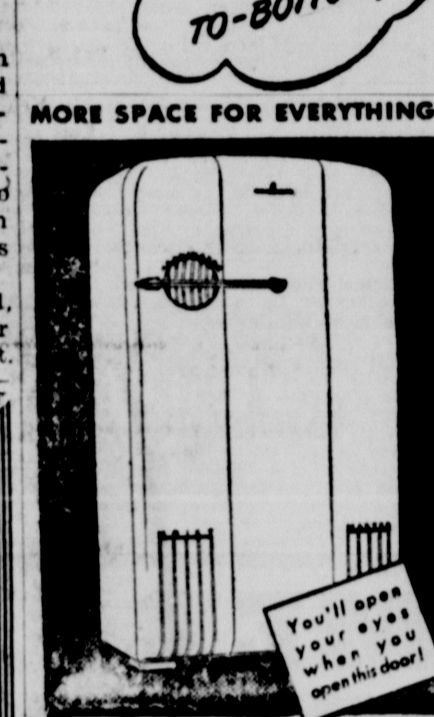

The league-leading Albany Senators also shipped a cog. Binghamton winning an 8-7 decision to even their series at one game apiece. That cut the Senators' edge to 16½ games.

The Williamsport Tigers moved to within three games of first division with a 5-2 victory over Elmira. Dick Marlowe notched his fifth straight victory and 12th in 20 games.

RAIN WIPES OUT COMMUNITY LOOP

Rain, in the form of two down-pours, wiped out the community softball league games scheduled for Wednesday night.

About 7:30 o'clock when the Lentz Legion vs. Elks game was scheduled to be played, the first shower halted proceedings. The rain then stopped and there was some hope of playing the Stanton Legion versus Moose contest, but just when it seemed possible the game would begin—the rains came again.

This evening the Veterans of Foreign Wars will play the Glenn L. Bream garage at 7:30 o'clock at the Recreation park, with the

Motorcycle Races At Williams Grove Speedway Saturday Night

Motorcycle races will be run on the Williams Grove Speedway Saturday night in conjunction with the Annual Motorcycle Gypsy Tour. Last year more than 3,000 motorcyclists from virtually every state east of the Mississippi River assembled at Williams Grove Park and Speedway and it is expected the number will be increased this year.

Contests will be held on the Speedway Sunday afternoon in which hundreds of men and women riders compete on motorcycles. Admission to the racing area—including the grand stand—will be free on Sunday. This is an event well worth seeing—and it's free.

Midget races are being run on the Speedway every Wednesday night at 8:15 — and in the Park — Races, Shows, Amusements, Dancing, and every facility for fun, sport and recreation.

Today's Talk

By GEORGE MATTHEW ADAMS
THAT INNER SELF

People rarely reveal more than
a shadow of their inner selves. Yet
that is the most important part of
this physical entity of ours. It is
the most personal and most intimate,
and so, therefore, the most secret
and least revealed, if indeed
one ever does fully reveal the real
and living—and perhaps immortal—
self.

If there were a way of entering
into the inner self of others, we
would often see so much good in
there, that we never suspected, that
we would be strangely amazed. Well,
let us bear this in mind, and save
all our criticisms, fault findings, and
corrective ideas, for ourselves alone.
We know our failings and frailties
better than anyone else. Every waking
moment of our lives we are in
constant communication with this
inner self of ours.

Self improvement, self purging,
self reliance upon the callings of
our better nature, should be the
foremost plan of our lives. We cannot
expect others to take the interest
in us that we fail to take in
ourselves! Others, however, are
always intrigued by the success of
those about them, and they wonder
about the formula. Usually that is
the one formula that is planted
deepest within the inner self.

We are forever being amazed and
startled by news of the unusual suc-
cess of someone who in earlier life
never impressed anyone. What a
story could be revealed, if but the
thoughts and urgings, the disap-
pointments and failures, as well as
those rare moments of triumph,
could be pictured from the inner
workings of that one's secret self!

We know so little about the mys-
teries that are locked up within
each one of us that it seems an
idle waste of both time and effort
to try and solve the problems of
others who have not invited us to do
so. There are thoughts and hungers
that even words could not adequately
express, as to what goes on in
this silent world of self. There it
is that we give test to all that we are,
in our most serious moods.

Tomorrow Mr. Adams will talk on
the subject: "Change."

HOSPITAL
Birth in the room above!
Death in the room below!
Outside the ones who love,
Waiting for joy or woe.

Friend with a gift of flowers.
Nurse with a penciled chart.
Callers at stated hours,
Smiling or sad at heart.

Laughter at times too gay.
Where they no longer fear;
Forgetting, perchance, they may
Rouse one who slumbers near.

Hospital! Soon or late
Loved ones and friends
Under the roof will wait
Where life begins and ends.

M'ARTHUR HAS BROKEN UP JAP FAMILY TRUSTS

By JAMES D. WHITE
(AP Foreign News Analyst)

There's bound to be a lot of argu-
ment over this: Gen. MacArthur
announces that he has broken up
the Zaibatsu—the economic giants
of prewar Japan.

These tight family trusts were a
fundamental part of Japan's economic
and political fabric. They made
and sold everything from
needles to battleships. They bought
everything from Malayan rubber to
American scrap iron. In their hey-
day most of Japan's banking, heavy
industry, and big business both at
home and abroad could be traced to
some 11 families through their net-
work of holding companies and sub-
sidiaries. They were meat and drink
to the two great Japanese political
parties.

The Zaibatsu (the name means
"finance clique") were a latter day
expression of Japan's innate feudalism.
Instead of splitting each other's
skulls open with big swords, the
family warriors engaged first in
cutthroat competition, later in mutual
tolerance and cooperation as they
skipped the cream off the business
of 70,000,000 Japanese.

Always Run By Families
One of the oldest Zaibatsu fam-
ilies, Mitsui, dates back to the 1600's.
It was founded by a professional
warrior who turned winemaker.

Japan has always been run by
powerful families, so her people
found it not too strange to be run
by family monopolies.

When Japan was opened to the
outside world about 80 years ago,
the Zaibatsu began pushing their
own economic horizons up to and
beyond Japan's new frontiers.

They made money out of World
War I and were ready and willing to
arm the greater Japan. They en-
couraged military aggression when
they thought it likely to succeed,
advised against it when they thought
it wouldn't.

Control of Japan was a matter of
balance struck among the relative
strengths of the Zaibatsu, the poli-
ticians, and the military. The Zai-

batsu intermarried with all these
other elements as a matter of policy,
as well as with the imperial family
under whose figurehead rule Japan
was secretly governed.

Served For Nice Profit!

Zaibatsu trademarks — like the
three-in-a-row of Mitsui and the
diamond triad of Mitsubishi — be-
came almost as familiar throughout
Japanese occupied Asia as did the
army's star and the navy's anchor.

The process went something like
this: To finance an invasion, say,
of North China, the government
would sell bonds. The Zaibatsu
would buy them, as nobody else had
that much dough, and earn it back
by selling arms. The army would
take North China. To run its econ-
omy, it would set up so-called joint
Sino-Japanese development com-
panies, with a controlling interest in
Japanese hands.

Now who do you suppose would
be called upon to supply the experts
to run these vast new projects?
Naturally experienced men would be
borrowed from Mitsui, Mitsubishi,
and other Zaibatsu outfits. Natural-
ly, it was Mitsui, Mitsubishi, or
some subsidiary who would be on
hand to supply some vital need (at
a nice profit) or to buy up at cut
rates the raw materials these eco-

Make Spot Checks On Guard Vehicles

Indiantown Gap, Pa., Aug. 4 (AP)

Spot checks of all 28th Division
vehicles and drivers are being made
here today by Chambersburg's 728th
Ordinance Maintenance Company.

Some 10,000 troops of the Penn-
sylvania National Guard's famed
Keystone Division are participating
in a two-week summer maneuver
at this huge military reservation.

The company's new activity con-
omic stooges would gather in with
the aid of army bayonets.

sists of surprise inspections and me-
chanical checkups of any division
vehicles from the lowliest private's
to a general's.

Meanwhile, the 109th Infantry
Regiment from northeastern Penn-
sylvania completed its firing with
the small arms of the infantry after
qualifying with the carbine, rifle
and pistol, the regiment will break
camp and start a two-hour march
to its barracks area.

PRIEST JAILED BY CZECH REDS IN NEW DRIVE

Prague, Czechoslovakia, Aug. 4 (AP)—Czechoslovakia's Communist-ruled government has carried out its threat to imprison Roman Catholic priests accused of supporting the Vatican decree excommunicating Catholics who are militant Communists.

The official Prague radio announced last night a village priest had been sentenced to eight years imprisonment for treason. He was accused of refusing to administer the last sacrament to a sick old woman until she resigned from the Communist party.

The priest, Rev. Alois Fajstl, denied the charge.

It was the first test of the Czech government's defiant stand against the excommunication decree. The Vatican announced last month that all Catholics who militantly support Communism would be excommunicated—a church penalty barring them from receiving the sacraments and associating with faithful Catholics.

Attacks Priests

The government, through Justice Minister Alexei Cepicka, promptly threatened that priests who carried out the excommunication decree would be tried on treason charges.

Dr. H. Richter, president of the State Court which sentenced Father

ARMY BUYING TO BE PROBED

Washington, Aug. 4 (AP)—Senate investigators indicated today the first phase of the public inquiry into the activities of "five percenters" will deal with Army buying.

The special subcommittee conducting the probe expects to start hearings Monday. It has been meeting in private.

Persons familiar with the preparations said it looks now as though the emphasis at the start will be on events which led to the suspension of two Army procurement officers. They are Major General Alden H. Waitt, chief of the chemical corps, and Herman Feldman, the quartermaster general.

They were temporarily relieved from duty after Paul Grindle, a Massachusetts manufacturer, said he paid James V. Hunt \$1,000 for help in seeking a government contract. Hunt, a "management counselor," is a former Army officer and War Assets Administration employee.

Grindle said Hunt claimed influence with both Waitt and Feldman, and that he also said he was a good friend of President Truman's military aide, Maj. Gen. Harry M. Vaughan. Hunt has denied that he ever attempted to sell influence.

In suspending Waitt and Feldman, Secretary of the Army Gray said they failed to exhibit judgment "expected of persons in their positions."

Blue Ridge Drivers Decide To Strike

Hagerstown, Md., Aug. 4 (AP)—Bus drivers and maintenance workers have voted for a strike in their contract dispute with the Blue Ridge Transportation company's eastern division.

Union officials said 92 per cent of the 175 employees had favored the walkout in voting which began Tuesday night and continued yesterday.

Charles Y. Stickel, president of the local AFL Amalgamated Association of Street, Electric Railway and Motor Coach Employees, said a strike will not be called "without the public being notified in plenty of time."

Under the Taft-Hartley act a 60-day "cooling-off" period must elapse before a strike may legally be called. Management-union negotiations collapsed last Saturday, one night before expiration of the contract under which employees had been working.

'CANAL VET IS TRIAL WITNESS

San Francisco, Aug. 4 (AP)—Tokyo Rose termed the First Marine Division "the bloody butchers of Guadalcanal," an ex-serviceman testified at her treason trial.

William H. Thompson of Riverside, Calif., a prosecution witness in the trial of Mrs. Iva Toguri (Tokyo Rose) D'Aquino, said yesterday he heard that in a radio broadcast, "welcoming" the Marines to New Britain on Dec. 26, 1943.

Thompson was one of the Marines who had waded ashore a few hours before the broadcast.

Last of six government witnesses who testified they heard Tokyo Rose's broadcasts in the Pacific, Thompson said the same voice sometime later told Americans they should give up "this fruitless fight."

The government contends Mrs. D'Aquino, 33, and Los Angeles-born, committed treason by broadcasting

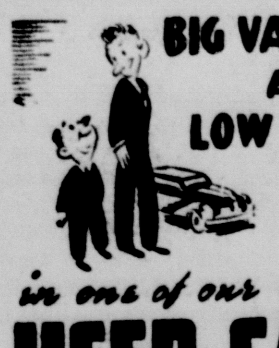

over Radio Tokyo as Orphan Ann and that she also was known as Tokyo Rose. It contends the broadcasts were designed to undermine the morale of allied fighting men.

Mississippi will play three night football games next fall, against Auburn in Mobile on September 24, Boston College in Boston on October 14, and LSU in Baton Rouge on October 29.

COUPLE TO WED

Mr. and Mrs. Robert Hagerman, Second street, McSherrystown, have announced the engagement of their daughter, Jean Marie, to Richard Conrad, son of Mr. and Mrs. James Conrad, McSherrystown. No date has been set for the wedding.

There are an estimated 3,000,000 miles of rural roads in the United States.

Fajstl, called the Priest's action high treason. He said any priest refusing religious rites to any person because of political party membership or loyalty to the state "is in the service of an enemy power—the Vatican—aiming to destroy the People's Democratic regulations of our state."

In Rome, a Vatican source suggested the Czech trial may have been a "Communist trick to try to discredit the church and its faithful."

Vatican officials have said that excommunication is primarily directed at the consciences of wayward Catholics and requires no official execution by priests.

Signs Build Up For Breathing Spell In Business Downturn; Not To Be Full Halt BUT LONG RANGE PROSPECTS NOT VERY PROMISING

By CHARLES MOLONY
Washington, Aug. 4 (P)—Signs built up today of a breathing spell—but probably not a permanent halt—in business downturn that has run through 1949 so far.
A consensus produced by a top-flight official group of economists working as a team boiled down—to some "ifs" attached—to this:
1. The immediate outlook is that economic activity likely will hold at the mid-year level for the July-August-September quarter, and perhaps may rise a bit in September.
2. Longer-range prospects are darker, because it seems that, on the whole, fundamentals, readjustment has not been completed and employment, production, income and prices may continue to drift downwards from October through mid-1950.
Won't Be Quoted
The men who drew up this appraisal would not be quoted by name.
The longer-range downdrift, it was noted, probably will be obscured from recognition by its piecemeal character, a moderate tempo, and erratic upturns now and then in particular lines.
One sign of an economic breather or reversal was said to be "a significant change in the attitude of business (over the country) within the last two weeks," this involving a swing toward optimism.
The "significant change" was reported by a strategically-placed Washington official with an unexcelled opportunity to keep in touch

Made Notes On Fatal Polio Attack

James Olin Chiles, a 25-year-old Navy pilot, pictured with his wife and daughter, Charlene before he died a victim of bulbar poliomyelitis, wrote a series of notes on the disease's effect on him in the hope that he might help "find a cure for this thing." He was buried (August 2) in Arlington National cemetery. He had been stationed at Anacostia Naval Air Base.—(AP Wirephoto)

LOST FUGITIVE IS RECAPTURED

Clarksburg, W. Va., Aug. 4 (P)—Robert Clark, 23, is going back to the Rockview penitentiary at Bellefonte, Pa., because he was not familiar with his own West Virginia mountains.
Clark escaped from the Rockview prison farm July 29 while working as a tractor operator. State Trooper Paul D. Swiger reported.
Swiger said Clark was captured near Clarksburg yesterday after he had taken a car from the driveway of Robert H. Swick, Route 1, Lost Creek, became lost in the mountains for six hours, and later stopped at the same place to ask directions.
Swiger quoted Clark as saying he was trying to find a road south to visit his former home at Maplewood, W. Va. Swick's father recognized

of production by many concerns that had curtailed output earlier.

Points To Stock Market
President Truman's announcement against more taxes, confirming the no-tax expectation generated previously by Congress. Also, easy credit policies and the inflationary effects of deficit financing by government.

Confidence catching hold from the firm recent climb of the stock market as "buyers came to the conclusion they (stocks) were bargains" and should be bought before their prices went up.

Nevertheless the official did not say that the "changed attitude" would necessarily reverse the downward trend in business, although he was sure it would be a strong force in so doing if it persists.

28th Division Vets Open Convention

Lebanon, Pa., Aug. 4 (P)—Some 700 former members of the 28th Division, AEF, today opened their 19th annual convention in this central Pennsylvania city.

Three days of the division society meetings will be climaxed Saturday night at the annual banquet when Maj. Gen. James M. Gavin, wartime commander of the 82nd Airborne

division, will be guest speaker. Convention delegates will wind up the annual meeting on Sunday when they witness the military review of the present-day 28th Division during Governor's day ceremonies at the nearby Indiantown Gap military reservation.

DEATH RATE DOWN

Harrisburg, Aug. 4 (P)—Pennsylvania's anthracite fatality rate last month was the best in history, the state Mines Department said today. The rate was .22 for each million man-hours worked. Joseph J. Walsh, deputy secretary, described the rate in a letter to state mine inspectors, operators and miners, as "praiseworthy accomplishment."

During the year 1887 the whole world had produced only about 2,000 tons of nickel, most of it coming from New Caledonia.

In early colonial days, when families made nails at home, a good worker could turn out 2,000 small nails a day.

THE FRUIT OF UNCEASING LABOR

★ Between 1911 and 1935, a brief span of twenty-five years, extraordinary progress was made in public health. According to figures released by the Metropolitan Life Insurance Company, the duration of human life during this period was extended by almost fourteen years. It is all the more remarkable in the light of the history of this period, which included the first World War, the worst epidemic in recent history, and America's most severe depression.

Many agencies have contributed to make America a more healthful place in which to live. Not the least of these are scientific medicine and pharmacy, which work unceasingly for better methods of prevention and treatment of disease.

UNITED STATES IS CREATING NEW FAR EAST POLICY

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

The question of what, if any, further material aid America can usefully give to hard-pressed nationalist China in her fight for survival against the Chinese Communist revolutionists has again become a burning subject of public debate.

Meanwhile the Washington State Department is engaged in creating a new pattern for far eastern diplomacy, including the policy for China. Philip C. Jessup, ambassador at large, is heading a group of experts who are preparing an exhaustive report on past policies toward China, supposedly to clear the way for a fresh policy. This report is expected to be published in the immediate future.

Thus far there has been no official indication of the trend of the projected diplomacy. Still, as a matter of speculation one would expect that the Chinese policy would be made to fit into a general far eastern program for halting the spread of Communism in that vast area.

The Major Question

So far as concerns China, the big question is whether the nationalists under Generalissimo Chiang Kai-shek already have shot their bolt. On this point there is a wide, and sometimes vitriolic, difference of opinion in the United States.

The Red avalanche has continued to sweep southward until the temporary Nationalist capital in the great coastal city of Canton is threatened with capture. Still, the imperturbable Chiang—veteran of a lifetime of warfare—maintains that his followers are far from beaten and still can win, with outside material assistance.

Is the gimo, as they call Generalissimo Chiang, gambling on the old adage that where there's life there's hope, or do conditions in China justify his judgment? That's one for American military chiefs to decide.

However, as previously indicated, the Chinese puzzle would seem to be a part of the general problem of containing Communism in Asia as a whole. The major question is how America and her democratic allies can build a dam to prevent the spread of Communism in the Orient.

Littlestown

Littlestown—The first of the Saturday night summer band concerts sponsored by the Merchants and Manufacturers of the community will be held Saturday night from 8 to 11 o'clock on the lawn between the Littlestown State bank and the Kump apartment building. William T. Myers' band from Westminster will furnish the music for the first concert on Saturday.

These concerts had been held weekly on Saturday nights during the summer months for a number of years but were discontinued several years ago. At a recent meeting of the directors of the Littlestown Chamber of Commerce, it was decided to revive these concerts. A different musical organization will be engaged for each Saturday night. Arrangements for these concerts are being made by a committee consisting of W. H. Dern, L. Robert Crouse and Clarence I. Schwartz, Sr.

Additional information was received from Frederick, Md., on Wednesday by Chief of Police Leon H. Gage concerning Richard Merle Graves, Funkstown, Md., who was arrested in Littlestown on Tuesday afternoon by Officer Gage, on the charge of issuing a worthless check. In Boonsboro, Washington county, Md., Judge E. G. Miller, holds two warrants for Graves charging forgery totaling \$125. It was also learned that Deputy Sheriff Robert Miller of Washington county, Md., holds a

warrant for a worthless check amounting to \$25. Graves is now in the Adams county jail in default of \$500 bail.

Mrs. Harvey B. Simons, East King street, was hostess to the Women's Society of Christian Service of the Centenary Methodist church on Tuesday evening. Devotions were in charge of the hostess, Mrs. Verdie Strain conducted the routine business after which a social hour was enjoyed and refreshments were served. The next meeting will be held Wednesday, August 24, at the home of Mrs. Ralph Ruggles, Jr., Lumber street.

Stewart N. Long, superintendent of the Sunday school of Redeemer's Reformed church, has announced that there will be guest teachers for the Adult department of the school during the month of August, when the lesson will be taught to the department as a group. The following are the teachers: August 7, Mrs. Anna Leach; August 14, Prof. Paul E. King; August 21, Samuel H. Higginbotham, and August 28, Prof. Grover C. Maus.

Clayton L. Evans, Littlestown playground director, has announced that there will be a night baseball team by the Littlestown Playground Midgets on the Littlestown Memorial field, Friday evening at 8 o'clock. They will be opposed by a Midget team from Hanover. No admission will be charged but a donation will be received to defray the expense of the lights. The weekly teen-age dance which is also a part of the

playground program, will be held in the Crouse park pavilion, immediately after the baseball game.

The softball game between the Windsor Shoe and Crouse's teams could not be played on Wednesday evening because of rain. It will be played later. On Friday evening, the contest will be between the Eagle's and Redeemer's.

A reception was tendered on Wednesday evening in the auditorium of the Christ Reformed church picnic woods, near Littlestown, to Mr. and Mrs. Clair E. Arentz, Union township, who were married Saturday evening at Gettysburg in the parsonage of the Grace Lutheran church by the pastor, the Rev. Dr. J. M. Myers. Approximately 150 guests were in attendance. A buffet luncheon was served. On the center of the table occupied by the newlyweds and their parents, there was a three-tier wedding cake, topped with a miniature bride and bridegroom. The invocation was given by the Rev. Dr. Myers, who also made brief remarks.

The bride is the former Dawn Elizabeth Strevig, daughter of Mr. and Mrs. James Strevig of Union township. The bridegroom is a son of Mr. and Mrs. Ivan Arentz, also of Union township.

State To Have Four New Federal Judges

Washington, Aug. 4 (AP)—Pennsylvania will receive four new Federal judges under a bill signed yesterday by President Truman.

The legislation calls for a total of 27 new judgeships. One is for the third circuit comprising New Jersey, Pennsylvania and Delaware. Two are district judges for eastern

Pennsylvania and the other a temporary district jurist for the western district of the state.

Raisins to be put into salads taste especially good if they are "plumped" first. To "plump," wash the raisins in hot water, turn them into a strainer, cover the strainer and place it over boiling water to steam for about 5 minutes. Be sure to chill the plumped raisins before adding them to the salad.

In making stuffed green peppers for a main dish many cooks like to soften the peppers before stuffing by simmering them in boiling water for a few minutes.

Jack Graham, leading homer hitter in the Pacific Coast circuit last season with 48 and now a St. Louis Brownie, holds a private pilot license.

DOUGHTY LITTLE WOMAN PRESSES FIGHT ON CLAIM

Scranton, Pa., Aug. 4 (AP)—If Pennsylvania's legislators think they've seen the last of Mrs. Olga Schwarz, then they have another thought coming.

For the doughty, bent old woman with a spirit as indomitable as her body is frail, has no intention of giving up her 40-year battle to obtain a "just" settlement for the death of her husband in a Scranton industrial accident in 1909.

"I'm not going to give up my fight," she told a reporter Tuesday during an interview at her Elmhurst home where she is resting between bouts with the state legislature.

Made Claim 40 Years Ago
Mrs. Schwarz's claim was initiated 40 years ago for \$20,000 against a construction firm in whose employ her husband met death. Before the case was settled, the construction firm went bankrupt and in subsequent litigation, she was awarded \$5,000 which was placed in escrow with the commonwealth.

The widow failed to receive her money during continued court procedure. She says her claim now amounts to \$50,000 and is directed against the state Insurance Department.

Her repeated efforts to have her claim satisfied brought her to Har-

risburg so often and for such long periods that she is now regarded as the capitol's "most persistent lobbyist."

Every state legislature since 1940 became personally acquainted with her as she sat in her specially reserved chair outside the lower chamber, demanding her rights.

Although \$10,000 was appropriated in 1943 to pay her claim, the widow refused to accept it, claiming \$50,000 to cover compound interest and costs since her original claim in 1910.

Speaking with a slight German accent and referring constantly to a voluminous file of legal papers and correspondence collected during her long battle, Mrs. Schwarz readily reviewed her story for the reporter.

Mother Of Seven
Mother of seven children — the youngest six months old and the oldest 12 years — when her husband died, Mrs. Schwarz made it plain she considers she is not asking for anything more than her due.

"I have never asked for help from

any organization or individual and at times I had to live on practically bread and water," the frail old lady declared, leaning forward on her crutches.

"And I would do the same thing again," she added. "I'm only asking for my money from the state Insurance Department, where the money was entrusted in the first place."

Not Giving Up
As a side point, she politely explained that although her name has been spelled Schwartz many times in newspaper articles the correct spelling is Schwarz and asked meekly that it be used as such.

Although reduced now to hobbling about on crutches as the result of an automobile accident in Harrisburg several years ago during one of her prolonged visits to the capitol, Mrs. Schwarz has lost none of her fighting heart.

She described her last Harrisburg trip as "the worst I ever had."

"But I'm not going to give up."

PUZZLED BY LAND BUYING

Philadelphia, Aug. 4 (AP)—Residents of sections of nearby Chester and Berks counties are speculating on the reasons behind "mysterious" purchases of large tracts of farm and woodland at three times their normal value. The Philadelphia Inquirer said today.

One report, that uranium ore has been discovered, has been denied by the Atomic Energy commission, the newspaper reported, adding:

Most of the purchases have been

made near the sites of old-time iron furnaces, some of which made guns and cannonballs for the Revolutionary War. Among reports circulating in the communities are that the land will be used as game preserves, stock farms, for a state university or that iron ore mining will be resumed.

Iron ore is known to exist in the area. However the known deposits are of low grade and became unprofitable to work many years ago when richer sources of supply were found in other areas of the U. S.

To date at least 1,190 acres have been purchased at an average price of \$150 an acre for land previously regarded as worth about \$50 an acre

at most, the newspaper said. Real estate men involved in the transactions have declined to disclose whom they are representing or the reason for the purchases, the Inquirer reported.

Rome, Aug. 4 (AP)—Italian officials were silent today on published reports from Vienna that Premier Alcide de Gasperi and Marshal Tito would meet within the next several weeks. The report was published yesterday in Rome newspapers. One morning newspaper, Il Messaggero, said that de Gasperi, questioned by a reporter yesterday, evaded comment on the report.

News Of Special Interest To The Residents Of Emmitsburg And Vicinity

COUNCIL WILL EXTEND SEWER ON N. SETON AVE.

Emmitsburg's "borough fathers" Tuesday evening voted to extend the sewer along North Seton avenue and to clean out the stream flowing to the west of that street.

The burgess and town commissioners, meeting at the fire engine house, agreed to carry out both activities when residents of North Seton avenue appeared with a list of recommendations concerning the cleaning up of what they termed a "hazard to health and property" in connection with the stream and the sewer.

Wales Rightmire acted as spokesman for the group. Those with him in the delegation before the commissioners and burgess included Richard Rosensteel, Gerald N. Ryder, Gerald F. Ryder, Mr. Kelly and Frank Fitzgerald.

Work To Start Soon

Their first recommendation to the commissioners was: "The removal of obstructions, collected debris and silt from the bed of the branch stream in the rear of the properties on North Seton avenue. By straightening the channel course and making it deeper, the resulting overflow of water onto adjoining properties during rains could be substantially eliminated. Recent rains have caused sufficient property damage to make elimination of the condition a necessity." The town fathers agreed, and said work on the channel will begin as soon as permission can be obtained from the owner of the property through which the stream runs.

The second recommendation was that "The burgess and town commissioners shall investigate the responsibility of the state roads commission in removing obstructions from, and widening the stream channel at a point where it runs parallel to the state highway before entering Flat Run. During even moderately heavy rains this stream overflows quickly onto the highway and causes a traffic impediment, or in frequent cases, complete stoppage of traffic. In addition this overflow has already caused damage to the newly constructed Federal street roadbed, which required repairs."

To Ask State Help

The commissioners agreed to seek state cooperation in cleaning up that portion of the stream outside the borough, and pointed out that since the state had already made repairs to the portion of Federal street damaged by the high waters recently, it was felt that the state would also cooperate in the cleaning of the stream.

The third recommendation of the group of citizens was "The elimination of a serious health hazard resulting from the dumping of raw sewage on the open ground or directly into the stream to the rear of the properties on North Seton avenue. Some of the older properties never had septic tanks installed and some of the more recently constructed homes deferred the installation of proper sewage facilities pending the construction of a public sewer system. The continuation of a sewer to the end of North Seton avenue is necessary to do away with this unsanitary condition."

Seek Rights Of Way

Agreeing with the petitioners, the town commissioners said that work on the continuation of the sewer along the street from its present ending of the Francis X. Elder American Legion post home would begin as soon as rights of way can be secured over the properties of Charles Wachter, Clarence Sanders, Clarence Wachter, Mr. Kelly, Paul Humerick, Gerald N. Rider, Gerald F. Ryder and Richard Rosensteel, which lie along the route of the proposed sewer. It was indicated that there would be little difficulty in obtaining the rights of way by those property holders who were present at the meeting.

A final recommendation from the group of North Seton Avenue petitioners was temporarily turned down because of lack of funds to carry out the project. The recommendation was for "the construction of a curb along the west side of lower North Seton avenue. The property owners have all completed the laying of sidewalks in compliance with town regulations. The present drainage ditches are not only ineffective and require frequent cleaning but are also a hazard to vehicles attempting to get off the road far enough to safely stop."

News Notes

There will be a Ladies Auxiliary meeting of the VFW this evening. Dr. and Mrs. Marion O'Kelly and sons, have returned to the home of Mr. and Mrs. Charles Hoffman, West Main street, after spending several days visiting friends in Washington, D. C.

The Children's Library, under the supervision of Mrs. Maryon Wasilisky, which is open every Tuesday morning from 10 to 11 a. m., has been very well patronized. It will continue to be open throughout the month of August.

Pretzels were first made by a monk in southern France in 610 A. D.

Emmitsburg Correspondent

Miss Nancy Beegle, daughter of Dr. and Mrs. D. L. Beegle, Emmitsburg, has accepted the position of correspondent for The Gettysburg Times in Emmitsburg and vicinity. She assumed her duties on Monday.

Miss Beegle will report all news events from the Emmitsburg area. All items of news may be telephoned to her at Emmitsburg, 117.

'Shangri-La' Gets Television Sets

An Emmitsburg dealer has installed television in the summer home of President Truman near Thurmont, it was learned today.

Francis K. Mathews, Emmitsburg representative of the Radio Corporation of America, was given the contract for the job and installed two sets at "Shangri-La" the presidential summer home, prior to the recent visit there by President Truman.

One set was placed in the President's cabin and the other in the Marine Barracks there. Reception on the sets was reported as "excellent."

PICNIC TUESDAY IS SUCCESSFUL

St. Joseph's picnic, which was continued Tuesday evening, was a "huge success." There were approximately 700 to 750 people in attendance. The general committee included: Mrs. Guy Baker, Mrs. Herbert White, Mary Topper, Mrs. Marie Rosensteel, Mrs. Leonard Sanders, Mr. Paul Keepers, Mr. Guy Baker, Mr. Joseph Hoke, and Mr. Vincent Topper.

Ralph Sperry spent yesterday in Baltimore.

Mrs. Chester Shriver is spending two weeks visiting her husband who is stationed in Texas.

George Whillide has resumed his position at the Farmers State bank after a two weeks' vacation.

Mrs. Richard Zacharias and children, Yorkville, Maine, are visiting Mr. and Mrs. John Zacharias.

The Entre Nous Sewing club met today at the home of Rev. and Mrs. Claude Corl, Townsgap, Pa.

Frank Weant has rented the second floor apartment of his newly remodeled home to Dr. and Mrs. A. A. Martin, who plan to move in the early fall.

VFW Will Donate Play Equipment

The VFW post held its regular meeting last night with approximately 50 in attendance. They have prepared to set up and dedicate a " merry-go-round " on the Emmitsburg public school grounds in September. A sliding board will be presented and dedicated to Saint Euphemia's parochial school at the beginning of school.

They have decided to have a fried chicken and corn on the cob supper instead of the usual crab feed on August 18 at Keyville picnic grounds. The supper will be prepared by the Ladies Auxiliary.

After the business meeting refreshments were served by the Auxiliary.

Senior Vice Commander Raymond Baker presided in the absence of the commander.

BLOOD BANK NEEDS DONORS

The American Legion, sponsoring the Emmitsburg Blood Bank campaign, which is under the supervision of Robert Wormley, has had 100 responses, only a third of the total number needed.

"Remember, this is not for Legion members only, but for you the citizens who willingly take part. It should be a matter of concern to everyone. This blood may be used for your neighbor, for some member of your household, or it might even be you who will benefit by it in the long run. Tragedy strikes anytime, anywhere, and by responding to this call we can be sure to be ready when the time comes," Mr. Wormley said.

"There is nothing to doubt or to be afraid of. The Gettysburg Annie M. Warner hospital will type the blood of each individual.

"The typed blood will be registered and used for the citizens of the community. If a person of Emmitsburg should be in need, and in another town at the time, he will readily be supplied with blood."

As yet, there is no age limit, but those people who are not physically fit will not be registered.

140-MI. TUNNEL PROPOSED FOR MINE WASTES

Harrisburg, Aug. 4 (AP)—The possibility of building a 140-mile tunnel in Pennsylvania's anthracite region to carry off mine waste waters is being explored by federal and state agencies.

Mines Secretary Richard Maize said U. S. Bureau of Mines engineers have been considering the tunnel problem for some time and have asked state agencies to join in research into the effect of acid mine water on such a tunnel.

"It would be a long time before any tunnel could be built because we first have to find out whether 'yellow boy' would clog the tunnel or pumps," Maize said.

Proposed in 1941

He explained that "yellow boy" is the iron oxides which give a distinctive color to acid mine waters and produces a sediment in the streams in the coal region. It is formed when the iron salts and other chemicals in the mine water react to oxygen on reaching the surface.

The idea of building a long tunnel to carry off mine waste waters was first proposed in 1941 but the idea was later dropped. The tunnel, should it ever be built, would collect waters from the mines in the anthracite region and deposit them in a river. The probable location under consideration was not disclosed.

Representatives of the U. S. Bureau of Mines and state Health Department engineers conferred here yesterday with Secretary Maize and state Mines Department engineers and chemists.

May Open Sealed Mine

A committee was selected representing all three agencies to direct a scientific study of "yellow boy." Maize added that one of the suggestions under study is the opening of one of the mines sealed by the state to determine what had occurred underground since sealing.

"We don't know what has happened in there," he said. "We aren't sure whether 'yellow boy' is formed and precipitated inside the mine."

Elimination of "yellow boy" would end one of the last remaining sources of pollution from streams in the anthracite region. Maize said the yellow sediment formed by the iron oxides, however, is not found in the same large quantities as the coal silt which offered the first big obstacle to clean streams.

Fresh green peas should be cooked in the smallest amount of boiling water possible—so little that by the time the peas are tender almost all the water will be evaporated and it will not be necessary to drain them. For a flavor change, add a few chopped sauteed mushrooms to the peas and serve with a cream sauce; dust lightly with paprika for an attractive garnish.

Shirley May France, of Somerset, Mass., tests the water of the English Channel at Dover, England. She is training at Dover for her proposed attempt to swim the English Channel from Cape Gris Nez, France, to Dover.

Grange Meeting Held Wednesday

The Emmitsburg Grange met Wednesday night at the home of Mr. and Mrs. Morris Zentz. Moving pictures were shown on improving the soil. There were approximately fifty members present including visitors from Thurmont, Glade Valley and New Market.

After the business meeting there was a watermelon and cantaloupe party. It was announced that there will be X-rays taken of the chest next Wednesday from 5 to 8 p. m. since it was impossible to do so on Tuesday of this week.

GOING TO THURMONT

Those who will represent the Emmitsburg Vigilant Hose company this evening at 6:30 p. m. at the annual firemen's carnival in Thurmont will be: John Hollinger, Lewis Bell, George Plumer, John S. Hollinger, Kenneth Keilholtz, Rodger Adams, Allen Davis and Jim Kelly. They will leave Emmitsburg at 6 p. m.

EUROPE ARMS BILL BRINGS 'MR. BIG' OUT

By JAMES MARLOW

Washington, Aug. 4 (AP)—It's when we get into the foreign field that the Mr. Big Parade really begins in Washington.

If President Truman asks Congress to approve a foreign program he's worked out, you can sit in Topeka and call the shots.

His first team—the State Department, Army, ambassadors and so on—beats it up to Congress to plug for the program.

There's nothing strange about that. Congress would want to hear their say-so, whether or not they wanted to go.

Arm-For-Europe
It's the foreign program which always seems to bring out the biggest boys in Washington.

Take the arms-for-Europe program. Mr. Truman dropped that in Congress' basket July 25 and asked

for \$1,450,000,000 to pay for it. This was pretty hot.

The arms program had been one of the most talked-of things in Washington for months. Everyone knew Mr. Truman was getting ready to hand it to Congress. It was just a matter of when.

And it became clear before the message reached Congress at all that there'd be some opposition to it. The arguments ran like this: Mr. Truman was asking too much money for it; or he shouldn't have too much authority in using the money; or there shouldn't be such a program at all.

A Bit Of A Fight

So Mr. Truman was going to have a bit of fight on his hands to get it through.

There'd have to be hearings before the Congressional committees which, after hearing a lot of witnesses, would draw up bills for the House and Senate to vote on.

Right there a little rumpus started. Arms? The Senate Armed Services committee thought it ought to handle the hearings.

But it goes right to the heart of our foreign relations. So the Senate's Foreign Relations committee thought it ought to handle the

WILL DISCUSS CITY MANAGERS

Harrisburg, Aug. 4 (AP)—The league of third class cities is expected to take a stand on the city manager issue for the first time in history here next week. The sounding board will be the group's three-day annual convention starting Monday.

Walter Greenwood, Coatesville, league president, said he would "broach the question squarely" before 225 delegates from 31 of Pennsylvania's 47 third class cities.

"I want the question settled once

hearings. The two proud committees finally solved this one by turning themselves into a combined committee for the hearings on this one program alone.

They began to get ready for the hearings. But the House Foreign Affairs committee beat the Senate's combined committee by starting hearings of its own first.

Once more the big parade moved up to the hill to put in a plug for Mr. Truman's program.

and for all," he told a reporter. "There has been a lot of misunderstanding as to where the league stands on the city manager issue."

He referred to a long fight in the 1949 Legislature on a city manager measure cosponsored by Reps. Ray L. Riley (R-Lycoming) and H. G. Andrews (D-Cambria).

Passed by the House but killed in a Senate committee, the bill would have allowed third class cities to hold a referendum on whether voters wanted a city manager. The manager would have had complete administrative and appointive powers with the mayor reduced to a ceremonial figure.

Greenwood was active in bringing about the death of the measure. He explained: "I'm against any city manager bill which takes away the power of city councils. I will recommend to the league next week that it support city manager legislation only if it is patterned after the boroughs law on the question."

Questions From Home Builders

For a Small House

Q. We are planning to build a six-room house and would like to know what kind of foundations and framework are desirable.

A. The best foundation is undoubtedly one of poured concrete, but it is also more expensive. As for framework, the balloon frame is probably the best type for a small house.

Cellar Condensation

Q. In hot weather the basement walls sweat. On some days water runs over the floor. How can we

Under the law, a city manager in a borough is appointed by council and his actions are subject to review by the lawmaking body.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! keep out this dampness?

A. By ventilating the basement. The walls sweat because they are relatively cold and in contact with warm moist air. Leave windows open.

Fire Precaution

Q. I am going to finish the attic of my home. It has been suggested that I use asbestos paper between the subflooring and the finish floor for fireproofing. Is it worth while and effective?

A. A good quality asbestos paper so used should have a considerable amount of fire resistance.

Counter Heights

Q. What is the proper height for kitchen counters and stove and sink

Springy Floors Can Be Aided Cheaply

Excessively springy floors do not have to be tolerated by the home owner, for this condition can frequently be corrected without great cost. The floor should be examined by a competent carpenter. One cause of floors springing when

tops?

A. Nearly all commercially available kitchen equipment such as sinks and stoves have a height of 36 inches, while ready-built kitchen counters are adjustable to the height of the individual using the equipment. A convenient working height has been found to be 34 or 35 inches from the floor.

walked upon may be floor joists that are too small or too widely spaced. Floors that are not properly braced with bridging usually have too much resilience; however, all wood floors have a certain amount of spring.

STAFF CHIEFS REACH ACCORD WITH 3 POWERS

By WILLIAM N. OATIS
London, Aug. 4 (P)—American joint chiefs of staff have reached a complete understanding with Britain, Norway and Denmark on organization for mutual defense under the Atlantic pact, Adm. Louis E. Denfeld announced today.

"We are going home, I am sure, with a very much better understanding of the situation than we had when we came over," the U. S. chief of naval operations told a news conference following meetings with Norwegian and Danish military commanders. Adm. Denfeld spoke for the joint chiefs.

Atom Bomb Unmentioned
The subject of sharing the atom bomb with other Atlantic treaty signatories was not mentioned in the staff talks, Denfeld told a questioner.

"There was no general discussion of arms aid," he added. "Our purpose in coming here was to exchange ideas on proper organization."

Gen. O. E. Berg, chief of the Norwegian joint services, told the reporters: "We have discussed defense programs and we are finding a very good solution to our problem."

The Scandinavian delegations met the American officers in separate conferences at U. S. naval headquarters in London. Each group spent more than an hour with the Americans.

The conferences were conducted under the same conditions of secrecy as yesterday's meeting with British military leaders. Armed guards made certain only actual participants entered the conference room.

The American representatives will leave for Paris this afternoon on the next leg of their 10-day air tour of Europe.

The U. S. leaders—army chief of staff Gen. Omar Bradley, navy chief of operations Adm. Louis Denfeld and air force chief Gen. Hoyt S. Vandenberg—conferred with their British opposite numbers at length yesterday. After the closely-guarded conference, Denfeld said the military organization of the Atlantic pact nations might be set up before the end of the year.

He said there had been "considerable progress" during the British-American meeting.

The American, British, Danish and Norwegian military leaders all met King George VI at Buckingham palace last night for a "friendly, informal talk."

Pennsylvania Holds Lead On Poultry

Harrisburg Aug. 4 (P)—Pennsylvania farms have retained the state's rank as third among the nation's chicken producers, the state Agriculture Department reported today.

Federal-state surveys revealed a total of 40,111,000 chickens raised on farms in 1949, compared with 32,878,000 last year. Pennsylvania is exceeded only by Iowa with 47,940,000 and Texas with 44,682,000.

The 1949 Pennsylvania total is the largest since the war years of 1945 when farmers went all-out in supplying chicken meat and eggs. The all-time record set that year was 46,376,000 chickens raised on farms.

EXPLORERS NEAR SUNBURY

Northumberland, Pa., Aug. 4 (P)—Six members of the National Geographic canoe expedition spent the night here and then set out for Sunbury as their next objective on the 444-mile trip. The party is exploring the Susquehanna river and gathering material for a magazine article. Yesterday they stopped off at Danville.

Two Women Die As Truck Crashes Car

Allentown, Pa., Aug. 4 (P)—A tractor-trailer jackknifed across a highway yesterday and crashed into a car killing two women and seriously injuring two other persons. Joseph Zellin of the Trexlerstown

state police barracks identified the dead as Eva Wilhelm, 49, Pottstown, Pa., and Mrs. Gertrude Dunham, 47, Massillon, O.

Duan Dunham, 53, husband of Mrs. Dunham and driver of the car, and Elva Wilhelm, 19, niece of the two women from Pottstown, were taken to Allentown general hospital after the accident. Their condition was reported critical.

The truck driver and two passengers in another car involved in the accident were not hurt, Zellin said.

You can usually count on a pound of fresh shrimp to make a main dish to serve three when it is coupled with a creole or curry sauce; if the shrimp is to be used for a first-course cocktail a pound will serve four easily.

Cooperation also pays on the telephone party line

Telephone party line cooperation has a wonderful way of spreading. If one neighbor uses the line sparingly, the others have a better chance to use it. If another neighbor always hangs up the receiver carefully after calling, it means the line won't be needlessly "out-of-order" and others can make or receive calls. If calls are reasonably brief, everyone can make more calls.

All of these little courtesies add up to better party line telephone service for everyone. Why not try them on your party line? You'll be delighted with the improvement it will make in your service.
